

## CELEBRATING RATIO!

In maths, we were working out the perfect ratio of squash and water. Our perfect ratio was 2:4 - two squash for every four water.  
*Jake & Joe (6S)*

### JUNIOR MUSIC CONCERT

### KINGSTON COMPETITION

On Tuesday, we went to Chessington Community College for the Kingston Primary Gym Competition. There were three different routines: floor, body management and vault. We won two silvers and two bronze. It was a great experience!  
*Ruby & Katie (6B)*

### POMPEII FREEZE FRAMES

We were using Numicon to learn about fractions. Numicon is really helpful because it helped us see the fractions when we divided them.  
*Chloe & Amelie (3BC)*

We were making freeze frames about Pompeii and recreate the scene showing how the people reacted when the burning ash spread around the city.  
*Gracie & Yeha (4A)*

### YEAR 3 FRACTIONS

### Triple Jumping!
