MUSIC CONCERT AT THE CHURCH

Designing Dioramas

I loved how you can put so much work into it and interact with it afterwards. It was fun to find different colours and make pieces of furniture for the rooms. I liked it because I'm a very creative person.

Following Instructions

This week, we were learning about instructions. We had to follow some instructions to make a fruit salad. First we washed our hands, then we chopped up the fruit. At the end we got to taste it - it was nice! Today we wrote our own instructions.
