

International Athlete Visit

YEAR 6 BOYS

The boys were outstanding in the borough qualifier on Tuesday 12th November. They played 7 games and won 7 games which means we came top of the group and go to the finals in December!
Mr Newman

We enjoyed doing lots of different exercises with Frederick and it felt like we were getting really healthy! He also did a special assembly where we got to see his top runs, as well as him fail in Ninja Warrior. His phrase was really inspiring, 'Keep moving forward and I learnt so much!'
Hatty (Gazelle)

Tudor plays

I enjoyed dressing up as a Tudor because we got to put together a Tudor outfit with the clothes that were provided and got to act while dressed up! One of my favourite pieces of clothing was a funny feather green hat which a lot of my classmates wore when they did their acting scenes.
Ellie (Gazelle)

International Day

On International day our class did a presentation on all the countries we had chosen but some children chose the country that they came from. We brought food from our country and some people brought a flag. We enjoyed the whole topic about the world and we learnt lots about different places.

Cooper, Daniel, Nicki & Mihail (Eagle)

Toy Museum

Ah it was great - I liked playing marbles! I enjoyed the newspaper game because I could be Star Reporter! I liked the game because you could put stuff on and make your own newspaper.

Freya, Ted & Milly (Squirrel)

FOOTBALL FUN

Our Year 2 boys' team played really well at Chessington this Tuesday, even playing in the cold and rain. They won every single match - very well done!

Mr Newman

When I was drawing my teddy bear, I had lots of fun because I learnt how to draw texture. I loved shading my bear. I improved my drawing skills.

Max, Reece & Helena (Hedgehog)

Teddy Bear Art

Fabric Testing

The experiment we tried was to see if certain fabrics were waterproof or not. We all found it fun and interesting. Turns out none of the fabrics were waterproof when using wax or crayons. What made the investigation even more fun is that the liquid was the colour of blood.

Chloe, Millie & Eva (Kipling)

We made a times table game for our chums. There were 5, 3, 6, 4 and 2 times tables and we had so much fun playing it. The teams were Hannah and Maisie against Lara and Janae and there were cards that would have different questions on them.
Hannah & Lara (Kipling)

Chums Visit

Land of sweets

It was super nice and cosy in there. I liked how you could go over and under the chocolate hills. I liked the white chocolate and jelly beans.

Freya, Milly & Paddy (Squirrel)

Wedding of the Year

It was the best day of my life witnessing the love that my two friends had and seeing it blossom in to marriage.
Eva (Kipling)

SEWING SKILLS

We sewed bags with fabric and it was a tricky job but we did it! It was very tricky because my needle kept coming off but I really enjoyed it.
Euan & Max (Lion)

We have been learning all about our five senses at Nursery – seeing, hearing, touching, smelling and tasting. We had lots of fun smelling herbs, listening to different instruments, tasting sweet and salty popcorn too! We also learnt a new nursery rhyme every day for World Nursery Rhyme week.

Nursery Rhyme Week
