

Year 3&4 Choir at the Rose Theatre

I really enjoyed it—we sang 'Believe' and 'Stars'. I also saw some of my friends from other schools. *Annabelle (Macaw)*

Florence Nightingale Workshop

It was lots of fun! We learned so much about Florence. She went to Scutari in Turkey to help the wounded soldiers. When the nurses got there, it was really smelly and dirty so Florence decided to make the hospital better by cleaning it up and changing the sheets on the bed.

Chloe & A.J. (Fox)

Weather Wise

We were putting the weather signs on the places. It was cloudy in Scotland. I put the sun in London and windy weather in England!

Lucas, Daisy & Vinnie (Squirrel)

Goldilocks

The Nursery children had great fun retelling the story of "Goldilocks and the Three Bears". We made porridge and recognised groups of three and talked about different sizes. We learnt a new song "When Goldilocks went to the house of the bears ..."

Natural History Museum

The trip was amazing and I learnt of animals that I didn't even know existed. Going to the museum was fun because I got to go around with my friends and interact with fun equipment. I loved the animal centre because that's where most of the interactive stuff was but it was sad how they stuffed the animals.

Tenten & Freya (Kipling)

SEALIFE LONDON AQUARIUM

I really liked everything, but my most favourite part was when we went to see the Gentoo penguins. I liked it when we saw the sharks; it was a bit scary but they were my favourite.

Freya & Emily (Squirrel)

Drama around the World

We had fun making different poses of things around the world, like Table Mountain in South Africa and the Eiffel Tower in France. We also went into a pretend swamp where a crocodile came and we ate his sausages!

Reece (Hedgehog)

PLAYGROUND OPENING

It's so fun. We went on the Ziggy zaggy thing. It was really spinny. I went on the bowl - it was really, really fast. It's fun in the rock n bowl because you can get really dizzy! My favourite is the climbing because you can climb and you can be like a crab! The zig zag twister is the best! Playtimes are way more fun and they go by really, really fast! You go down really fast on the slide!

Tigerlily & Nils (Owl), Ted, Milly & Benedict (Squirrel) Scott, Sam & Joshua (Fox)

I enjoyed acting and learning about different things that Romans did in Ancient Rome. We got to act out what the Romans did and also learnt new vocabulary. I enjoyed the part when we acted as Celts and we had a war against the Romans. I learnt that the Romans took all the Britannia money on a bridge.

Katie, Grace & Zaki (Macaw)

ROMAN WORKSHOP
