

Dear Parents

I hope you and your family are well.

Soundsteps Music School has been running Keyboard/Piano lessons locally for the past 25 years. We are pleased to announce that we have confirmed our local centres will be re-opening and offering Face to Face Keyboard/Piano and Music theory lessons for children from reception year and upwards in addition to our online learning options which have been running during lockdown.

Lessons are aimed at providing Quality Music education whilst ensuring an early enjoyment/love of Music is established which can also lead to the development of other qualities such as “confidence” and progress in other key subjects. In addition to learning the Keyboard/Piano and learning to read, write and compose Music, we are also able to support children to develop their skills in order to gain the recognised qualifications for secondary schools as well as giving them the confidence to perform at school events.

To celebrate we are not only offering a free trial session but also offering a 25% discount off our Step 1 course should your child wish to continue along with additional introduce a friend discount.
